SPECTRUM

Stanstead College

Stanstead, Quebec

THE 1963-64 EDITION OF THE YEARBOOK IS RESPECTFULLY DEDICATED TO MRS. MABEL WALLACE.

Mrs. Wallace, having been at Stanstead for seventeen years, has experienced the transition of the college from a co-educational, to an exclusively boys' residential school. During her years at Stanstead she has taught students from grades two to seven. Mrs. Wallace, who takes care of the Junior boys, has a kindly firmness and understanding which is suitable for young boys. Whenever a boy needs help, whether he be in trouble, or merely a minor chore, Mrs. Wallace is more than willing to help. All the boarders, whom she has taught manners and other basic qualities, will certainly remember her with fondness.

Although this dedication is but a small tribute to one who has done so much for the school, it is nevertheless indicative of the respect that we in Stanstead have for her.

The Editor

DEDICATION

Principal's Message

Usually the Headmaster's message in a school magazine is a catalogue of the year's successes and ends by sending the graduating class away with a few well-chosen words of wisdom and a classical quotation or two.

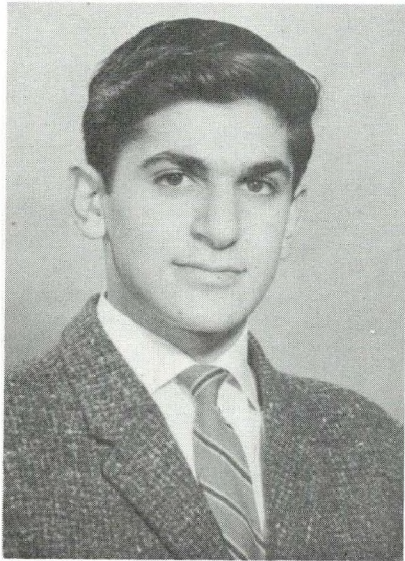

This time I would like to be a little more serious. We have had our successes this year and I don't think any of you can doubt that I wish you well in the larger world you are now entering. Nevertheless, you also know from our talks during the year that I am concerned about the type of world we are living in and your attitude to it. It seems to me that now is the time to think deeply about this larger world and its standards and to decide exactly on what terms you are going to meet it.

Not too many years ago, young men in your position had a standard of values, accepted by society, to help them and the doctrine of personal responsibility was felt by most of the population. By personal responsibility I mean simply the fact that each man was expected to be responsible for his own actions and to take the consequences if those actions were not right. Today popular psychology seems to tell us that we are not responsible for our own actions and that, if we have faults, these can be attributed to something in our inheritance or upbringing. In other words, if we are not responsible for our sins we cannot be punished or condemned for them, and out of this has grown the feeling that an action is only bad if it has a bad result. Truth or some other abstract quality, therefore, is not absolute but is dependent entirely on the circumstances of the moment.

Look around you. How many people today follow a doctrine of absolute integrity? How many refuse to cheat on an income tax return simply because it is wrong to do so? How many support the police just because they are the police? How many follow a law which is greater than they rather than a law which they make up as they go along? Think about this. Would you rather be completely at the mercy of circumstances or would you prefer to be able to choose? I venture to suggest that, if you are willing to puzzle this out sufficiently for yourselves, your answer will be that you would rather choose and that popular psychology is wrong. In other words you would rather be the masters of your own fates than the victims of events. If you come to this conclusion, then you will be fitted for life and, although you may be buffeted, you will never be vanquished. If Stanstead has done anything towards setting you on the way to making the right decision in this regard, it will have been successful no matter what else has transpired.

I don't have to tell you that all of you leaving this year have my best wishes. We will think of you often and we hope that you will keep in touch with us. We will also hope that you will be the captains of your souls and that you will be willing to stand up and be counted when it comes time to take responsibility for your actions, that you will develop an unshakeable standard of values. The world needs men or it may be lost. Be men and good luck!

Edward Gayley.

Editorial

Another year at our college is coming to an end. This termination means very little to most people, but to us, the graduates it means an end and a beginning. With the last of our June exams we leave our carefree school days to face a greater challenge, whether it be further academic study or a different step into the world around us.

Looking back on these past years our memories are filled with a variety of thoughts, some of joy and others less cheerful. The games that we won and, of course, those that we lost; days when classes were more pleasant than usual; good results and in the contrary poor ones; tiring days when preparing for examination; and sad days upon hearing bad news. Thus our graduating year will in a short time, be just a pleasant memory.

Now we must put our thoughts in the background and look into the future. Each one of us has a place in this world, and we will soon be on our separate paths striving to achieve our goals. Throughout our school days we have all had the opportunity to experience those things that are required of us and, we hope to be an asset to society due to the efforts of our teachers.

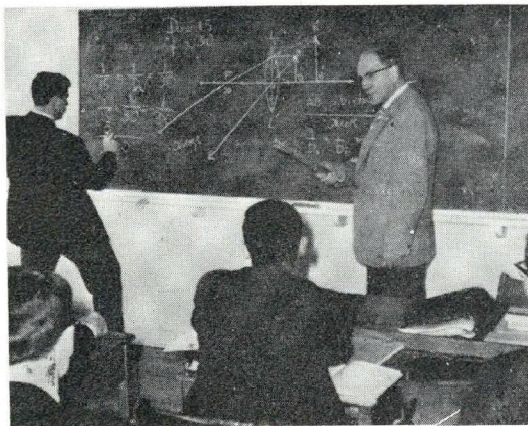

Graduation is a time when we should express our gratitude to those who have made this day possible for us. We must remember our teachers who have strived over the years to impart wisdom and knowledge to us. Their task has not been an easy one, and we sincerely hope the results of their tireless efforts will be realized not only in graduation, but also in our future achievements. Our teachers have guided us over the years, and have moulded our minds to the best of their ability. We have gained a sense of understanding and of appreciation through their efforts.

The Student's Council was formed early in the fall term with the election of the members as listed at left. It met each Monday noon in the Headmaster's office where all aspects of school life were discussed with the exception of that which was purely academic. During the course of the year many of the council's suggestions were approved by the staff and Mr. Cayley. Though many of these suggestions were minor, they were not insignificant as far as the students were concerned.

Again as last year the Council sponsored the Winter Carnival with the aid of the staff and at the moment the council is concerned with the prospects of a Graduation dance. The co-operation of the student body and the teachers throughout the year was greatly appreciated and the Council would especially like to thank Mr. Cayley and Mr. Boyd for their interest and advice.

CHRISTMAS CAROL SERVICE

The Stanstead College Carol Service was held in Centenary United Church on December 19, 1963. The Service was preceded by the annual Christmas dinner.

The Service was conducted by the Chaplain, Rev. D. V. Stirling. The choir was under the direction of the organist, Mrs. A. P. Gordon. The choir led the congregation in the hymns: "O Come, All Ye Faithful"; "O Little Town Of Bethlehem"; "Hark! The Herald Angels Sing"; and "Joy To The World." The choir sang three anthems: "Good King Wenceslas" with

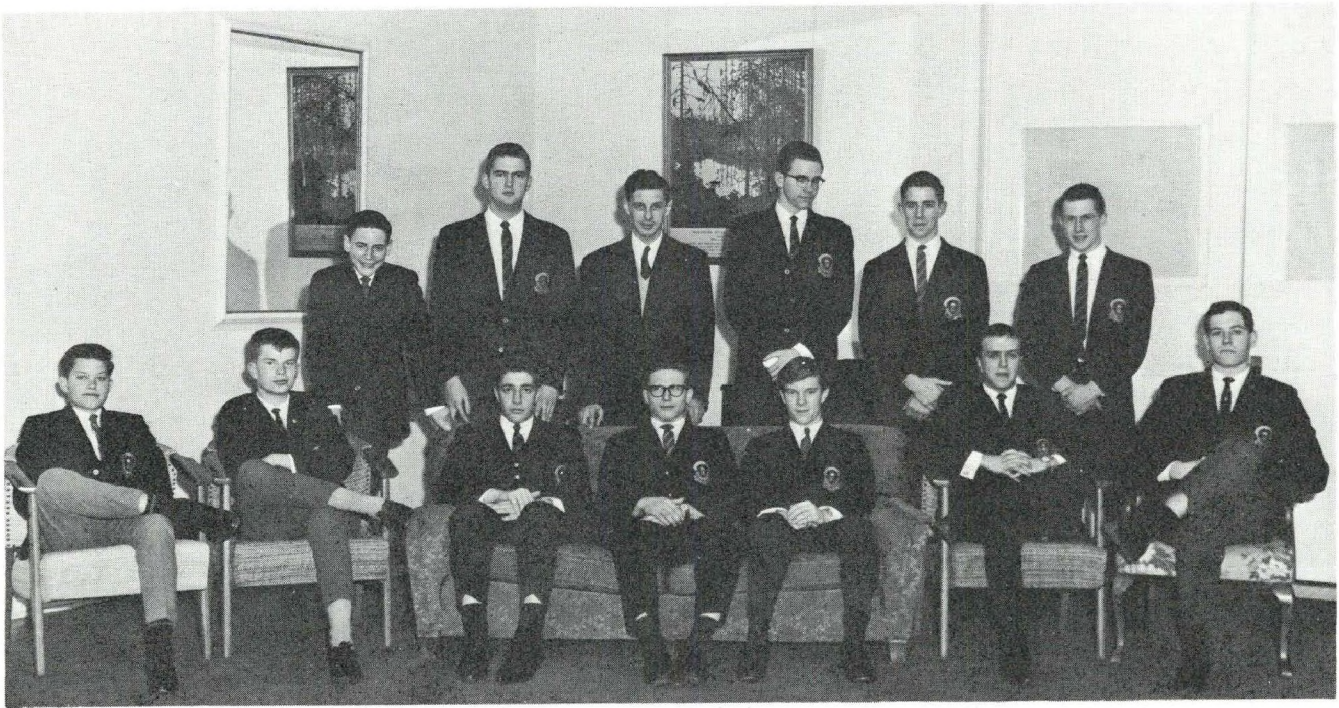

R. Marquez and C. Walker as soloists; and "While By My Sheep" and "While Shepherds Watched Their Flocks" with soloists R. Marquez and N. Davies. There were four Scripture readings and the Address was given by the Chaplain.

The service was well attended.

A vote of thanks goes out to Mrs. A. P. Gordon, Mrs. McClary, Mr. Philip, and Mr. Williams for helping in organizing the choir. Without their help it would not have been a success.

This year the Club started with eight members but after Christmas the membership had approximately doubled. The club has sponsored a number of events starting with a debate between R. Montgomery and Mr. Stirling on one side and D. Zigby and Mr. Graham on the other. It was resolved that "The United States should continue to support the Diem Government of South Viet Nam." and was defeated when the vote was taken. A recent film on China was shown on the second meeting and other films were shown in Pierce Hall on some of the problems the world faces today.

The club also had an interesting talk on Korea by Miss Sandell, a missionary who returned two years ago from that country after spending a great part of her life there.

Two meetings were concerned with the

problem of disarmament. At one a tape of the late President Kennedy's America University speech was played. In this speech he announced the setting up of test ban talks. At another Mr. Graham spoke on Geneva disarmament negotiations and the world federalist movement.

Our last meeting was the best attended with Mr. "Boots" Macleod from Thetford Mines talking about his recent business trip to Moscow. It was illustrated with colour slides and was followed by a question period.

The executive consists of Peter Weintrager, president; Doug Zigby, secretary; Jeff Roberts, treasurer and Michael Boulton, publicity. Staff Advisor, Mr. Graham. This year the club was affiliated with the United Nations Association in Canada.

THE PUBLIC SPEAKING AND DEBATING CLUB

The Public Speaking and Debating Club under the direction of Rev. Stirling had a most successful year. The highlight of the year was the Bishop's University Debating Tournament. The topic was "Should Religion Be Taught In High School." The Stanstead College representatives were David Singer and Robert Bloomberg for the affirmative, and Donald

Fitzpatrick and Peter Noiseux for the negative. Out of the eleven schools taking part our affirmative team placed fourth and the negative placed seventh. Various other debates within the school took place throughout the year. The entire club would like to give its thanks to Rev. Stirling for his patience and effort in directing the club's activities.

The Caine Mutiny Court Martial

The evenings of March sixth and seventh were the culmination of months of work by the Stanstead College Dramatics Club. Their praising-winning production was Herman Wouks "The Caine Mutiny Court Martial."

The two act drama opened with Lt. Stephen Maryk (played by Peter Sharp) and his lawyer (portrayed by Fred Rodin) awaiting the entry of the members of the court. Maryk had relieved Captain Queeg of his command, the USS Caine during a typhoon in the South Pacific. Maryk is placed on trial for mutiny. His defense is that Captain Queeg was insane during the typhoon and unfit for command. Maryk justified the captain's relief under articles 184, 185, 186 of Naval Regulations.

Soon after the members of the court filed in, the prosecution began. The judge-advocate (Brian Austin) introduced a variety of crew members as witnesses. In order of appearance they were:

- Lt. Commander Queeg-(David Singer)- the capain of the Caine.
- Lt. Thomas Keefer-(Robert Wilton)- a close friend of the accused.
- Signal Man Urban-(John Hardy)- an uneducated sailor whose witty humour won the audience's delight.
- Lt. Willis Keith-(Dee Crabtree)- the assistant communications officer.
- Capt. Randolph Southard-(Mike Linsell)- an expert ship handler.
- Dr. Forrest Lundeen-(William Ballachey)-the head of the medical board which examined Capt. Queeg.
- Dr. Bird-(Ian McIver)- another member of the board which examined Commander Queeg.

The second act was the defense. Maryk took the stand and related many incidents which had led him to doubt his commander's sanity. Then quite emotionally Queeg refuted this testimony, but the situation improved for Maryk when a letter commending the character and integrity of the accused was read. The letter had been written by Queeg sometime after the mutinous incident. Shortly after the letter was read, the two lawyers summed up their cases, and Maryk was acquitted.

That evening, Keefer, who had just received the first royalty on his new war novel, entertained the officers of the Caine. At the party Greenwald displayed his contempt of Keefer, and his admiration of Queeg. The brilliant lawyer, who had been forced to ruin a man's character in court, now praised Commander Queeg who might have been deranged for a short time during his arduous career. Keefer, on the other hand, had persuaded Maryk that the commander was abnormal, and consequently, had removed a needed vessel from service at a crucial moment. He had remained in the background, suggesting mutiny, and creating his derogatory war novel. Hence, in a fit of disgust, Greenwald tossed his drink in Keefer's face and staggered out.

It was apparent to all that a superb job of type-casting had been done by the producer and director, Mr. John Jerome. The players were well-coached and a compliment to Mr. Jerome's hours of preparation. At a reception following the Saturday evening performance, the actors presented Mr. Jerome with a token of their gratitude.

OUTING CLUB

There have been two day-long trips this year. Winter snow is as usual holding operations to a temporary halt. After Easter, activities will be resumed in the White mountains of New Hampshire. Plans are afoot for an overnight trip to the 'bowl' of Mount Washington for Spring skiing. Also, a mass 'cookout' is planned on Mt. Owl's Head.

The first trip of the year was to Mt. Lafayette. Six boys and Mr. Thompson travelled down on the Saturday, camping overnight, to be joined by Mr. Patterson and four other boys on the Sunday for the

ascent. The summit was not attained on this trip due to torrential, persistent rain. However, the fresh air was good and a hot meal on the way home chased away the last shivers.

The second trip of the fall term consisted of a climb of Mt. Pisgah and only two members attended, due to the temporary suspension of several members for becoming 'lost' on the Lafayette trip. It was a pleasantly warm day and very clear providing excellent views.

We look forward to an active Spring term.

LE CLUB DE FRANÇAIS DU COLLEGE DE STANSTEAD

Cette année notre Club a eu plus de membres que jamais, et, nous espérons, plus d'activités. Ezra Hakkak fut élu Président, et Michael Molesworth vice-Président et Peter Noiseux secrétaire-trésorier.

Nous tenons nos réunions cette année dans notre salle de reception au lieu de dans une salle de classe. Quoique que nous manquions M. Ledeganck cette année, M. Williams a très bien pris en mains les rênes de la direction et a très bien réussi dans sa tâche.

Nous entreprenons cette année, comme auparavant, de faire des voyages à Sherbrooke

et certainement à Montreal afin de voir des pièces de théâtre et d'enrichir notre connaissance du français. Nous faisons actuellement des discours et quelquefois louons des films français et écoutons des disques. Nous allons même organiser une semaine française qui sera composée de films, de disques français et mêmes des invités qui pourront nous parler des sujets appartenant à la situation française au Québec.

Nous faisons très bien cette année et nous espérons faire encore mieux l'année prochaine.

The school year 1963-64 brought forth with the assistance of Mr. Philip and Mr. Boyd, a Lettermen's Club. All those boys who had received athletic distinction in one or more Senior sports were eligible for admission into the newly formed club.

The function of the club was primarily to promote school spirit and to honour the boys who had achieved athletic distinction. The club's first elected president was Michael Molesworth. Ezra Hakkak and Peter Weintrager were respectively elected as Secretary and Treasurer.

On December 7, 1963 all members received their Lettermen's sweater. Mr. Cayley accepted honorary membership to the club and was presented with a lettermen's sweater.

One of the Club's greatest achievements was the sponsoring of a highly successful Winter Carnival Dance with King's Hall.

After being out of existence for a year, the club is again functioning, under the guidance of Mr. Thompson.

Since most of the boys in the club are mechanically-minded, and since this aspect is totally absent in the school curriculum, the club is biased towards things mechanical.

Early in the year, a second hand Hillman motor was purchased, and having been systematically stripped, is now awaiting reassembly and reconditioning. Many club members have been involved in the construction of the ski-tow, which has provided us with excellent experience from the removal

of the motor from a complete car, to its installation and adaptation to its new task.

In late November, club members enjoyed a complete tour of the maintenance base of T.C.A. in Dorval. In April, about 26 boys will be visiting the KING BEAVER MINE (asbestos) in Thetford. Operations to be seen include underground mining, blasting, and chemical processing. Projects to be commenced include the building and launching (?) of a rocket, reconditioning of the ski tow motor and general improvement of the tow as a whole for its second season.

We would like to express our gratitude to Mr. Philip, who devoted his time to make this club a success.

New Boys Show and Race

The New-Boys Show this year proved to be highly successful. As usual it produced a great deal of humour and some fine talent. Sam Hayes, acting as Master of Ceremonies, kept the show moving in a humorous vien.

Ian Farmer's impersonations and the accordion playing of Peter Stopps were the most talented acts. John Brohman and Dee Crabtree provided a great deal of humour with their comedy sketches. The wonderful harmony of the Rat Finks and the story of the Blue Bonnet Butter were also highlights of the show.

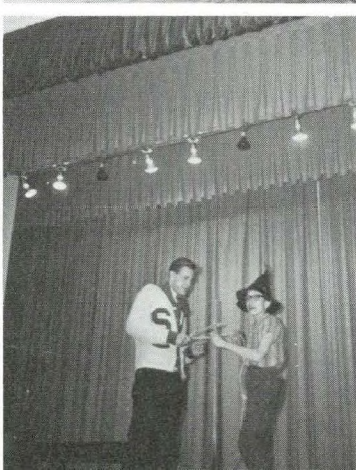

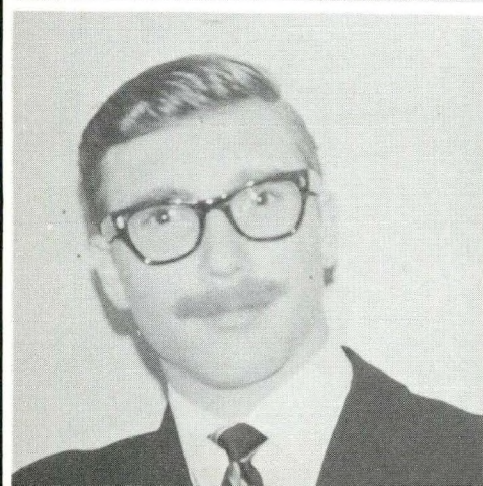

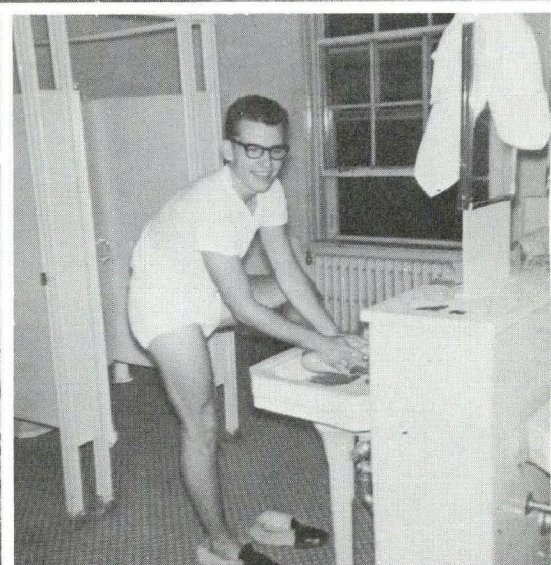

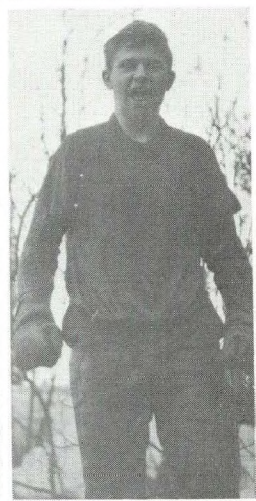

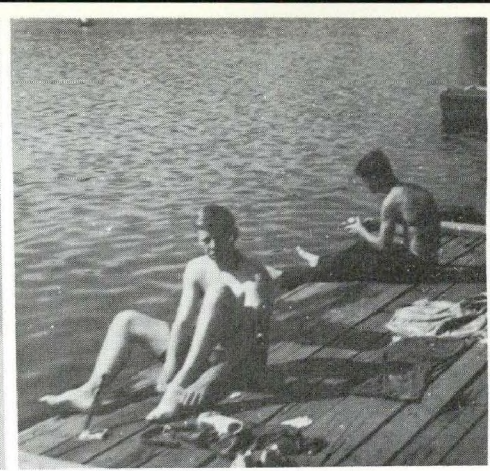

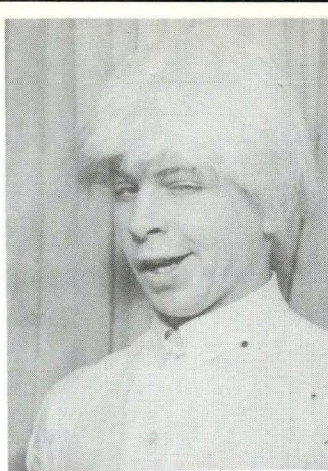

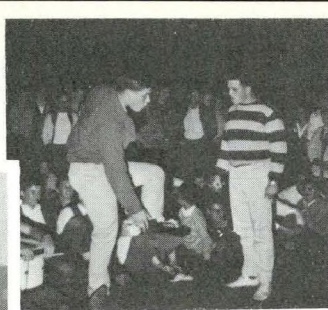

Everyone enjoyed themselves and the show was certainly well worth the work put into it.

On September 21, all the new boys were required to run the New Boys Race. The tortuous route was set out by some of the more sadistic old boys. The boys were warned of the consequences of coming in last--the last five boys would be required to push peanuts with their noses around Colby House. After various crossings and recrossings of the river the participants arrived at the half-

way point. The new boys plodded through mud and water as instructed by the old boys acting as marshals. The final obstacle proved to be the most fatiguing - the celebrated Infirmary Hill. At the top stood the teachers and the old boys, who encouraged the tired bedraggled boys to make one final effort to reach the top and complete one-half of their initiation.

The Geography Trip

GRADE XII. GEOGRAPHY CLASS TAKES FLIGHT

This year Grade XII students at Stanstead College were offered a geography course for the first time. This course is the same as the McGill course and the McGill examinations shall be written in June.

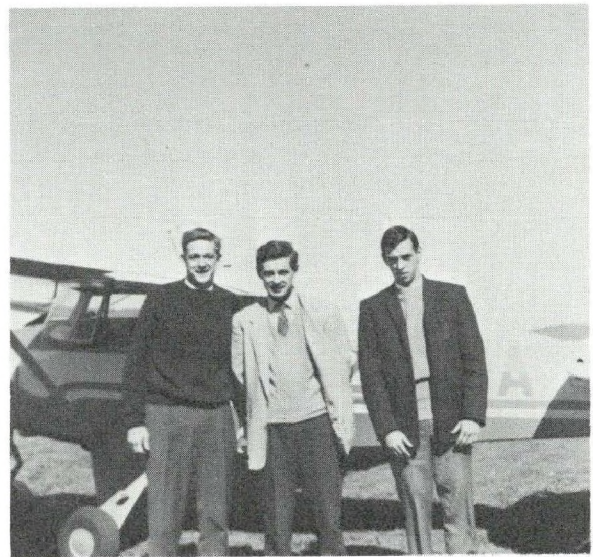

The McGill course requires part of the year to be a study of the surrounding region, in our case, Stanstead County and part of the Eastern Township area. In order to get a clearer view of the relief, population distribution, land use, etc., Mr. Graham, the grade XII Geography teacher, took his class of two, Micheal Molesworth and Brian Denney, on a plane flight over the region.

The flight was taken in September and began at the airport in Newport, Vt. From Newport we flew north to Stanstead and circled the college to get a picture of the

school from the air. From there we flew along the international boundary towards Beebe and were most intrigued by the road network, forest patterns and settlements. We flew along the Eastern shore of the Lake Memphramagog and continued north to pass just to the south of Magog where we noticed the large textile plant and other industries of the city. We then flew east, noticing Sherbrooke in the distance, and then south along the east shore of Lake Massawippi. Then south-west to Lake Memphramagog where we flew around the top of Owl's Head, the highest mountain in this region of the Appalachian Range. From there we returned to Newport. The flight was very interesting and enjoyable, a new experience for the students, and a help to them in their studies.

Winter Carnival

This year Stanstead College held its second annual Winter Carnival, and under the supervision of Mrs. McClary, Mr. Boyd, Mr. Winser, and Mr. Williams, it was highly successful.

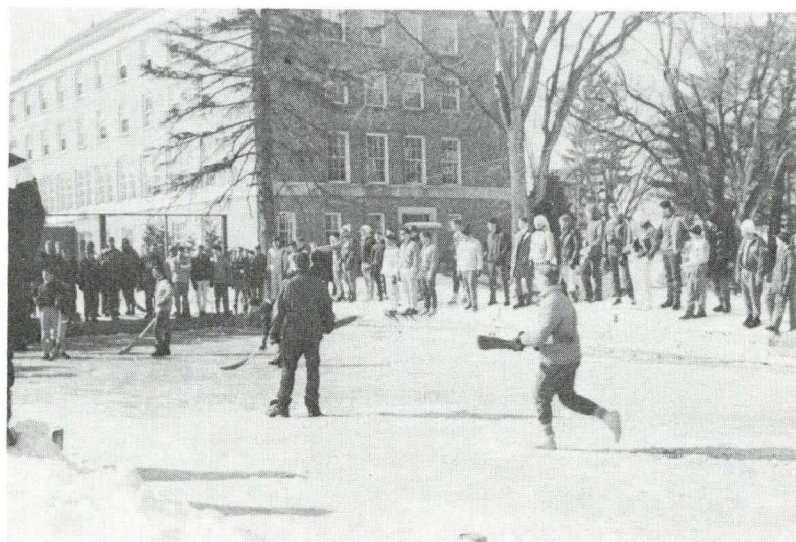

The snow-sculpture contest was the main event, the sculptures, having been built during the previous week, were judged on Saturday morning. The first prize, consisting of brownies baked by Mrs. Cayley, was awarded to Senior Colby for their sculpture of the Clay-Liston Championship Fight. Bugbee's Bob-sled Run placed a close second with Junior Colby's Mummy third. Other events were: a ski obstacle race, broomball games, tugs of war, dogsled races, threelegged races, snowshoe races. Last but not least was a mystery event in which two boys from each team had to eat a bag of potato chips as quickly as possible without spilling any.

The Headmaster's Cup was to the winners, Senior Colby, by Mr. Cayley during the Carnival Dance with Compton.

The Carnival ended with the Senior Hockey team playing host to Holderness School from Plymouth, New Hampshire, and with the Senior Basketball team playing host to Bishop's University J-V's. The Hockey team defeated Holderness 8-3, but the basketball team did not fare so well, being edged out by a score of 44-38. The day terminated with a dance with King's Hall, Compton, of which the highlight was an imitation of the Beatles by John Hardy, Stephen Briscoe, Walter Mills and Lyall Middleton. The theme of the dance was the Winter Olympics and Pierce Hall was appropriately decorated by the Lettermen's Club.

The Senior Football season of 1963 although being a disappointing one was full of excitement, and good sportsmanship. In the first game being defeated by Quebec High School, the team started off on wrong foot and the players never showed their hidden ability until they defeated Bishop's on their second meeting late in the season. This victory for Stanstead gave us the greater number of points in the two game total point series to retain the Senator C.B. Howard Trophy.

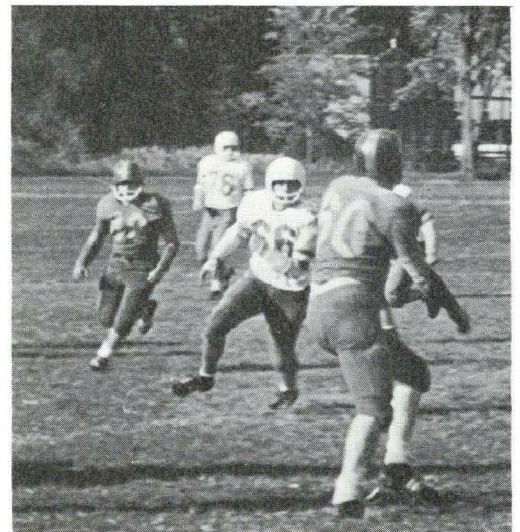

The coach Rev. D. V. Stirling, had his work well cut out for him with the majority of the players being very inexperienced, and many of them playing organized football for the first time. The team began with a passing offensive policy. This failing to be successful, it was necessary to resort to a ground yard-gaining attack. It must be said, however, that the defensive squad was stronger than the offensive, although lacking strength at the corners.

The following players for their outstanding performances and leadership on defense and offense received the Major 'S': Bob Wilton, team Captain; Mike Tobin, defensive captain; Brian Usher-Jones, Michael Brown, John Brohman, Colin Church, Ross Montgomery, and Craig Bishop.

The team lost seven out of eight games, but our only victory over Bishop's was more than sufficient to compensate our losses. Quoting the Headmaster's words; "Any year in which we beat Bishop's is a good year."

The Senior Soccer season was a successful one for our school team. Through excellent playing, and sportsmanship the team advanced to a three way tie, at which point we were relegated to the third position after a successful appeal by one of our rivals concerning one of our goals.

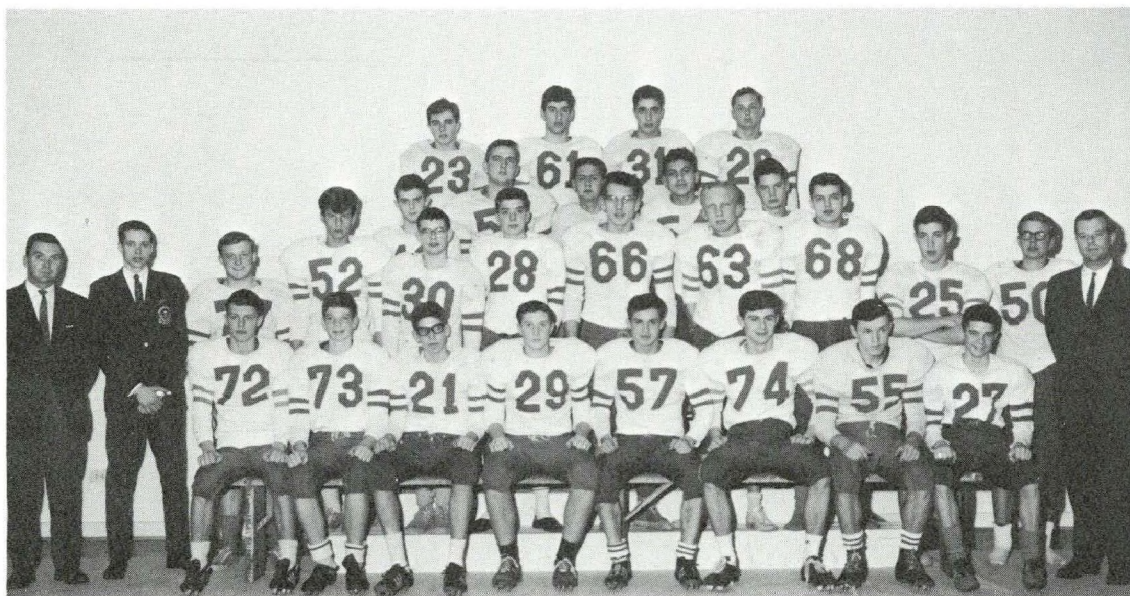

The team had an excellent leader in the captain, Jimmy Gordon, who replaced Ezra Hakkak early in the season. Another change was that of the goalie, Duncan Millican, who was injured and replaced by Peter Pivko. Peter provided the team with some good net-tending.

Throughout the season our team was known as a tough competitor and showed great ability in high scoring. This was illustrated by the games against Sherbrooke High School and Bishop's College School, the latter of which was won by a score of 9-0.

For their skill and perseverance in all the games, Peter Weintrager, Peter Blanchard and Michael Linsell deserve special mention. We would like to extend our gratitude to Mr. Thompson for his excellent coaching and for his loyalty to the team.

For the junior football team, 1963 was a successful season, not only in the win-loss record, but in terms of experience and spirit. The team gave their very best against every opponent, which is all that any coach can ask of his players.

The determination and high spirit of the team was a credit to the school each time they stepped onto the playing field, and this contributed to their victorious outcome, in the majority of the games played. Every game was a game to be proud of and if any player should be mentioned for his outstanding performance and leadership, the whole team must be.

With constant effort on the part of the boys, a sense of "finesse" was developed to the upmost. The result was a smart and unified squad. The coaches feel that if this attitude of good sportsmanship and fun is continued, the junior team will be an asset to the school colours, and also a constant source of top future players for future senior teams.

The coaches would like to thank the players and the manager for their faith and help during the past season. May we have this same spirit next season and thus assure the future success of the junior football team.

Stanstead's Junior Soccer Team had another successful year. Many players who helped us to win the St. Francis Valley League Championship last year returned to guide us to second place in the league standings.

The team played twelve league and three exhibition games. One exhibition game was against Ashbury College from Ottawa, and the other two against Stirling School from Vermont. We achieved second place in the league with 8 wins, 3 losses, and 1 tie.

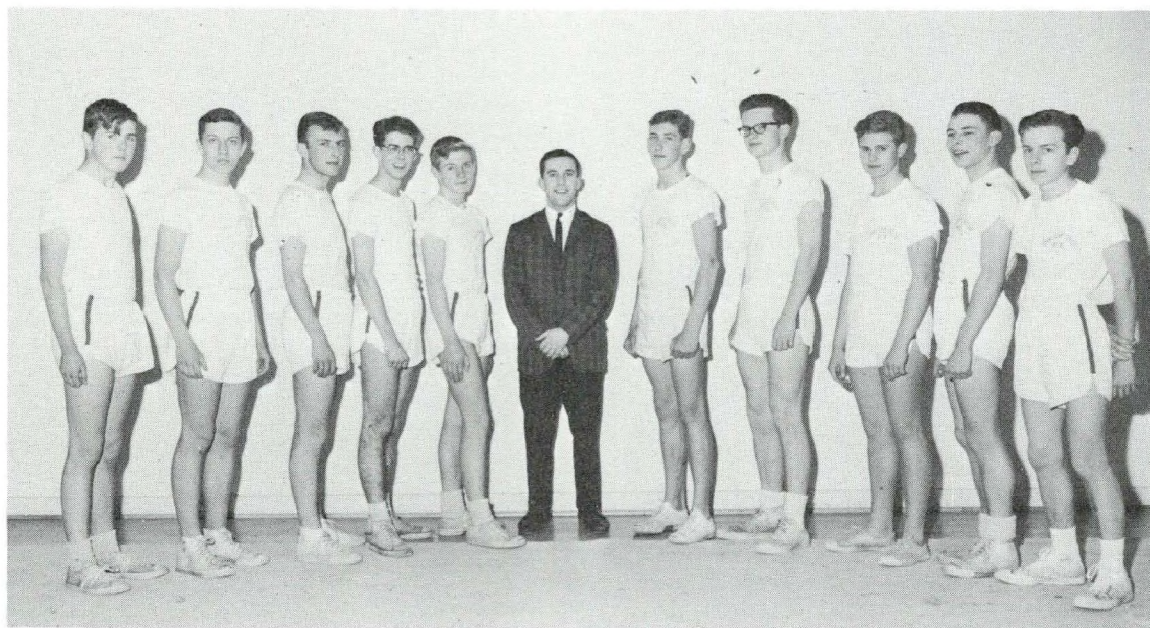

The highlight of every season is, of course, the trip to Montreal, where, this year, we met Ashbury College. Although the junior team played well, Ashbury managed to score once in the last two minutes obtaining a draw, to our disappointment.

The team captain, Ian Dagg, played very well on both offence and defence throughout the season. Winger, Bob Brunelle, led the team in scoring with 9 goals, and goal-keeper, Gary Miller, made excellent saves.

The junior team greatly thanks Mr. Jerome for his excellent job of training and organizing the squad.

This year was our first in competition and although we managed to arrange only two meets, both with Sterling School, our efforts were richly rewarded by our victories in both attempts. The Cross-Country team was made up of the ten best runners. A high standard of achievement was gained by daily two mile runs, which took us over a hard, hilly course. Our endurance was thus achieved

and we attribute this to be the prime factor for our success. We would like to thank Mr. Boyd for his excellent coaching, and hope that this sport will prevail in our school. Two of our runners deserve special attention. They are Bill Greenshields and Clifford Lusby whose spirited runs, drove the team towards higher goals.

Verily a misnomer, the third team was not a team but a collection of rabble rousers and malcontents. To begin with, we were not eleven we were twenty-two. Our knowledge of the rules was at best elementary and at worst revolutionary. Players ranged in size from such giants as Mousey with his reprehensible penchant for throwing his weight around to the real tiddlers like Tiny Bourne and Freddie.

Play was fast and furious daily, at times enlivened by the participation of the slave driver in charge. Our fame spread far and wide, and opponents became hard to come by. Early in the season we delivered a resounding tie to a scratch team from Sunnyside and later in a home and away series with B.C.S. we very kindly allowed our opponents to tie also.

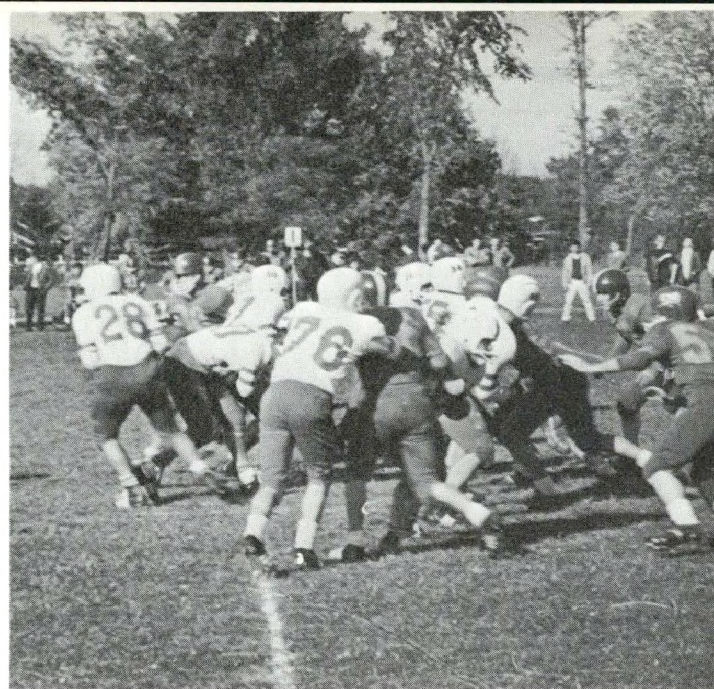

The continued existence of our soccer squad will probably change the development of the game and no doubt imperil world peace in the near future, but at least most of us had fun (I think).

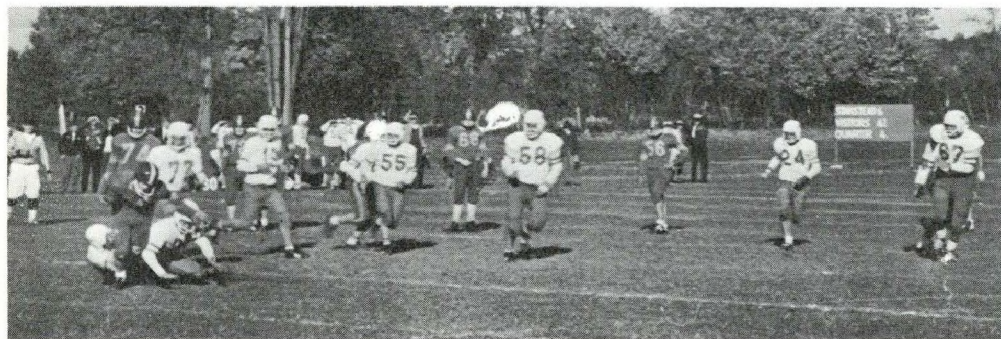

What! When did Fritz join the "Fiddlers"

Hey ref., what do you call that!

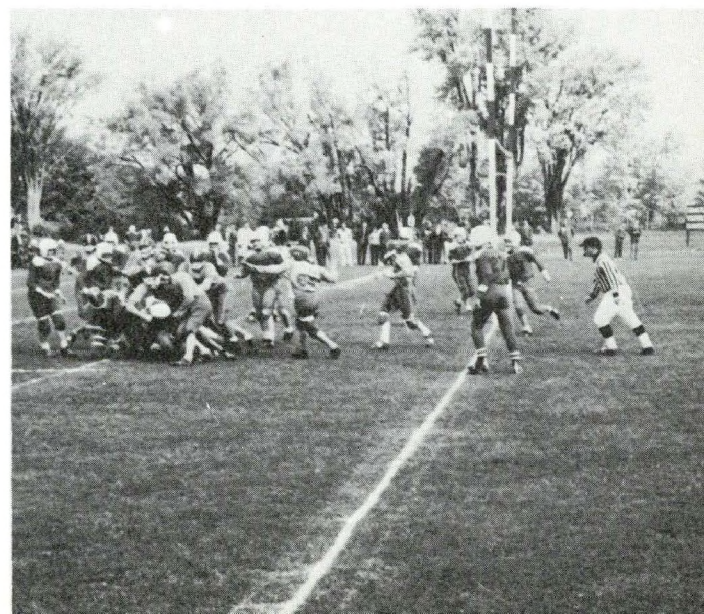

Guess! Where the ball is?

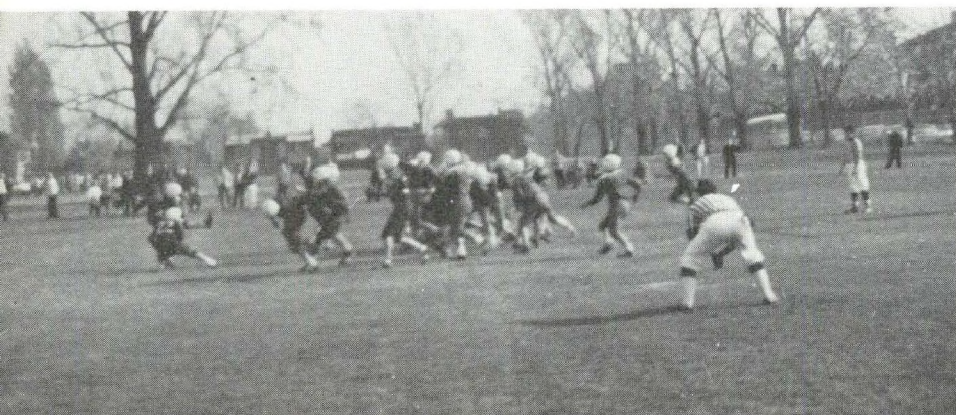

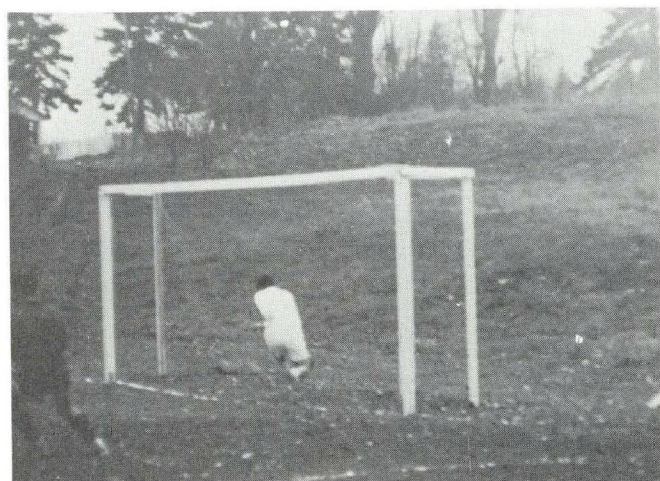

Obvious! We scored again.

He is not hurt! He is just lazy.

Since we have had such a long season it is difficult to comment on every game, Mr. Boyd, the coach must be congratulated on an excellent job. He emphasized clean play and sportsmanship which, to a great extent, helped to win a large number of the games. The team won well and lost well, though the former by far outnumbered the latter.

The captain Robert Wilton, greatly contributed to the team effort by his playmaking ability. In the same vein one should commend William Greenshields, James Gordon, and Ross Montgomery for their skill and perseverance. The first line was the major goal scorer though the other two lines should not be ignored; through hard drive and constant work the whole team tried their best in doing a good job.

Of all ten games the following were of major importance: those against Bishop's College School of which we lost one and tied the other, and the game against Macdonald High School of St. Anne de Bellevue. It may be mentioned that the latter was one of the best games of the season and that the playing ability of the team worked to perfection to defeat a school which was reputedly much superior to ours in this sport.

Overall the season was very satisfactory. Stanstead College had a team to be proud of and boasted a record of 11 wins, 4 losses, and one tie.

TEAM RECORD

The Senior basketball team has hung up the uniforms, but in the minds of the players and coach this season will never be forgotten. This year the Big Red Team played only in exhibition games due to the number of players who were over age for league competition.

The season can be called a successful one. The Stanstead team played thirteen games, winning seven and losing six, but every one of our losses was a hard fought and close game. There were games which shall always be remembered, and they were played against Sherbrooke High School, and Macdonald High School from Montreal. In the first game against Sherbrooke, the red squad won in over-time with the backing of the home crowd and in the second meeting lost by a close score of 35-34. Against Macdonald High the team made a successful comeback in the final quarter to obtain a well deserved victory.

The outstanding players of this season without doubt were: Winston McNicol, guard and excellent play-maker; Brian Denney forward and highest scorer; Micheal Molesworth, team captain, center, and a good rebounder; Micheal Tobin an aggressive guard. The team would like to thank Mr. Philip for his excellent coaching.

STANDING: Left to Right, Mr. Patterson (coach), T. Schleifer, J. Bloch, B. Usher-Jones, R. Kerwin, P. Weintrager, H. LeBaron, J. Walker, Mr. J. Jerome (coach). SEATED: P. Blanchard, J. Home.

Midget Hockey

BACK ROW: Left to Right, T. Jenkins (manager), F. Ball, R. Brunelle, D. Salman, J. Kitchin, A. Maclean, L. Holland, D. Zigby, D. Nicholls, D. Clinton. FRONT ROW: F. Gross, B. Moule, T. Garland, P. Sharp, G. Miller, L. Hitz, K. Nussey, Mr. C. S. Woods (coach).

MIDGET HOCKEY

This season was one of sharp contrasts for the Midget Hockey team, for, though they did well in their exhibition games, they did not do quite so well in their league games.

The team played to the best of their ability throughout the season. Good team work, in the form of passing, was evident at all times, and the goals scored were well earned.

The team competed in the Border Minor Hockey League. The competition within this league was excellent, and the team finished in 3rd place.

Junior Basketball

BACK ROW: L. Middleton (manager), C. Bourne, P. Pivko, M. Foster, G. Rotherham, D. Hanrieder, R. Balaze, Mr. D. Williams (coach). FRONT ROW: I. Dagg, R. Houk, W. Mills, K. Hamer.

The Junior Basketball had, all in all, a very good season. The team began the season encountering Lennoxville and unfortunately lost, due to the fact of inadequate time of training.

The second and third games both against Sherbrooke, were two different stories. In the first game the team showed experience but managed to win 18-16. For the second game Mr. Williams, with expert coaching and with some pointers from the Senior Club, trained the Juniors to a better standard of play, which resulted in an overwhelming victory.

The team at this point acquired confidence and was ready for the second game with Lennoxville. The team started playing unorganized ball giving their rivals an opening lead, but halfway through the game the team straightened out and led by Peter Pivko, captain, and Mike Foster came back to tie the game.

The Final game of the season was with Sunnyside and to our satisfaction the Junior team obtained a well fought victory.

Bantam Hockey

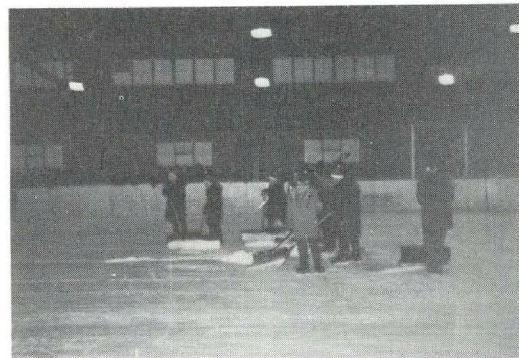

BACK ROW: Left to Right, Rev. D. V. Stirling (coach), J. Roberts (asst. coach), B. Morison, P. Stopps, S. Dawes, J. Fletcher, J. Miner, M. Boulton (manager). FRONT ROW: C. Fleet, W. Rye, P. Pheaney, A. Hardwick, J. Hoffner, I. Farmer, R. Hitz.

This year Stanstead placed second in the Border League which is formed by teams from Beebe, North Hatley, Rock Island, and Stanstead.

The Bantams have played seven league games. They have won three, lost two, and tied two. In exhibition games Stanstead had a score of one win and one loss.

At the beginning of each game it seemed that Stanstead started off very slow, but the red squad always ended up, win or lose, with a well fought game. The outstanding players were Colin Fleet, forward; Jim Fletcher, defenceman and Bruce Morrison, goaler.

The team would like to thank the coaches Rev. D. Stirling and Jeff Roberts for their excellent training and also their manager Michael Boulton.

The Ski Tow

After much consideration and planning, the headmaster and interested members of staff finally decreed that this year a small rope tow should be built on a fairly steep slope just behind the school infirmary. It was decided that any boy using the tow would pay a small sum to cover the cost of the motor and the general maintenance of the gear. Once this money was collected, the Science Club went ahead and bought an old automobile from a local scrap yard. The motor in the car was the power plant for the tow. At one time we were thinking of using Mr. Graham's car, but when he found out, the idea was quickly dropped. Some of the boys of the Ski Club, under the supervision of Mr. Patterson, began clearing the slope and burning the brush. At one time the fire almost got out of control, and some of the boys and masters thought that our head-

master's house might be the next to go up in smoke. Mr. Winsor and Mr. Thompson, with the help of some of the older boys, got the motor in position and most of the poles and supports sunk in the rapidly freezing ground. When we left for our Christmas vacation the tow was far from completion. But, on returning, we found, much to our surprise, that the masters, after much hard work in sub zero temperatures had completed the job. Our first day back about twenty-five boys showed up on the hill after classes to test the new tow. Except for the rope jumping a pulley while the tow was overloaded, everything went without mishap. Now that it is operational the boys feel that this idea was well worth the work which they put into it, and everybody agrees that it is better than climbing.

Cadet Parade 1964

The Cadet Parade this year, to our great disappointment, was not as good as we had anticipated it to be. It hailed. We were forced to leave out all of the displays on which our Cadets had so laboriously spent their time.

Last year, it will be remembered that we had a snow storm the night before the Parade and we were forced to clean up the grounds so that it would be presentable. Otherwise the Inspection of last year came off successfully.

This year we had a lot of advantages; we all had rifles, we had sufficient time for drill, our officers and NCO's were picked at the beginning of the year to get them accustomed to their respective positions. Nevertheless Mother Nature decided to even up the odds by presenting us with an unforeseen problem, that of hail starting in the middle of the Parade.

At 1400 hours on Saturday, May 9th we were properly formed up on the Parade Square, the normal procedure was carried out, of handing over command to the Major and he, together with the Inspecting Officer, Major-General Fleury, Head of Quebec Command, inspected the Corps, which was at open order. After the inspection the Major commanded the march-past in review order and in column of route which then followed. After the march past in column of route, the sky grew dark and we were surprised by the hail which came down so suddenly that one minute we could see Davis House and the next we could barely see 15 feet in front of us. The spectators on the sidelines were immediately drenched by the downpour which accompanied the hail and were soon running for shelter. Meanwhile we kept on marching, calling the time out loud, and trying to keep in line against the head on pelting of large pea-sized hailstones until Major Roberts called a general take-cover which we immediately obeyed. We made our way to the gymnasium where we were told that we could change out of our uniforms into blazers and flannels and that we had to stay in our rooms until further notice. The storm passed within 15 minutes during which time all the parents refreshed themselves in the Reception Room. The General had also had a change of clothes as had his staff officers and received a third march past in good spirits, When we were again formed up in front of him he presented the awards.

1. Strathcona Trust Medal & 27th Field Regiment RCA Trophy - Best Cadet both to Michael Lerch
2. The Qualifications for Master Cadet to Michael Boulton, Jeffrey Roberts and Michael Moskau
3. Stanstead Frontier Branch - Royal Canadian Legion Shield - Best N.C.O. John Hamilton
4. 72 Battery award - Best first year Cadet - Lyall Middleton.
5. Capt. L. G. McGilton Cup - Best Platoon - Received by Duncan Millican for the band.
6. A special Medal for the best Bugbee House Cadet was presented to Colin Fleet.

The awards being given we attentively listened to a speech by General Fleury during which we were awarded a half day holiday for the performance and stability under stress.

Sherbrooke Track Meet

The Sherbrooke Track meet came on one of the warmest days we have had this year. The 21-man squad along with managers, Mike Tobin and George Czeisler and coaches Peter Boyd and Alex Philip arrived at the parade grounds at 8:30 A. M. along with a flock of Stanstead spectators. Soon after "setting up camp" consisting of a tent and the Stanstead banner the meet began.

The first event was the Junior 12 lb. Shot Put and even before the final throws were taken John Brohman had broken the Eastern Townships record with a fling of 43'11". That was the starting inspiration for the team and in the next round of events Captain Doug. Broad took a first place and five more points in the Junior 440 yd. dash with a time of 53.7 seconds - 1 tenth of a second short of the eight year old record. Meanwhile in the other four classes Bishop's College and other close rivals were maintaining a close pace. Because of our small team Stanstead could not enter contestants in all of the Juvenile and Midget contests and we had only one contestant in the Bantam and Pee Wee classes. It seemed that Stanstead's chances rested on the Junior team. However our Juvenile and Midget representatives began to add to the total when Larry Hitz took an easy first in the Midget 8 lb. Shot Put with a toss of 45'3" and David Singer placed 4th in the 880 yd. Juvenile run. At the same time David Made an unofficial school record with a 2:08.8 second time.

By the middle of the morning, Stanstead College, Bishop's College and Sherbrooke High School were in a close battle for first place. Yet before the morning events were through Stanstead pulled slightly ahead when Doug. Broad came through with a first in the Broad Jump and Larry Hitz in his own class placed second in the Broad Jump. At the same time, Collin Church and Mick Raicevic placed 2nd and 3rd in the Junior pole vault. To add a finishing touch to the first half of the meet, Tom Garland placed second in the midget 880 yd. run, also making an unofficial class record of 2:13 seconds.

By lunchtime there was great excitement over the possibility of capturing the Skinner Trophy and the Eastern Township Championship from Bishop's College. It was a long hot wait before the meet continued. The temperature rose above 85 degree and the time keepers were late returning to the field. When they did, however, the field was filled

with close to 1,000 spectators.

Again Stanstead Junior class led off the day when Bob Wilton won the final heat of the 100 yd. dash in 10.5 seconds. In the same race Doug. Broad placed 4th. The lead increased. From the midget class Larry Hitz won his second event of the day by throwing the discus 139'3". As a matter of interest the Juvenile Shot Put was held up for fear of Larry's "far-reaching" tosses. Then again from the Juvenile class David Singer took a third in the 440 yd. dash with a clocked time of 54.6 seconds. Confidence was running high as the lead increased. However the Bantam and Pee Wee events again began pushing Bishop's College and other Schools closer to Stanstead. Suddenly the first place position reverted to Bishop's College. Before long Stanstead was tied for third place with Cowansville High School. To cause more frustration the Juvenile and Junior events were running 2 hours behind schedule. Hope fell into despair as Bishops took a 12 point lead. Little Robert Hitz, who was our only Pee Wee participant, followed in his brother's footsteps as he took an easy first in the discus and broke the Sherbrooke Record with a throw of 81'8". The Junior team then came to life again. Bob Wilton won the final heat of the Junior 220 yd. dash in winning form with a time of 24 seconds. Dependable Doug. Broad took second in the high jump and Collin Church followed behind him in 4th place. Again Larry Hitz came to the starting blocks and took 2nd place in the 220 yd. dash.

The day's last event was the open mile and in it Clifford Lusby competing against boys 3 and 4 years older than himself. (Clifford turned 15 on May 30) placed 3rd in a field of 22. At the same time he established an unofficial school record of 4.53.7 seconds. In the same race Daryl Seaman placed 5th.

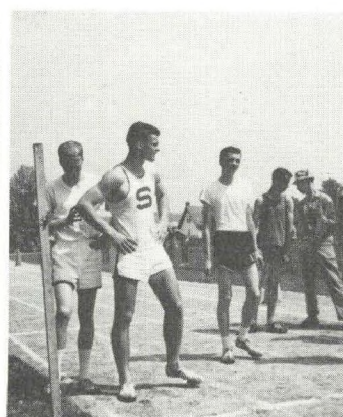

With the events completed (2 1/2 hours late) 347 boys waited anxiously for the final tabulation. Who knew what the results would be? Soon everyone knew - Stanstead was the new winner of the Skinner Trophy with 80 1/2 points to Bishop's 72 points.

That, however was not the end of it all. Stanstead's Junior class (boys 18 and over) also won the Warren Lynch Trophy for High class aggregate with 43 1/2 points and Larry Hitz won the Inspector J. H. Hunter Trophy for the Midget class high aggregate.

Annual Baccalaureate Service and Prize Giving

June 6th, 1964

The Annual Baccalaureate Service and Prize Giving of Stanstead College was held on June 6th. Philip A. C. Ketchum, M.A., B. Paed., LL.D., F.R.S.A., Headmaster Emeritus, Trinity College School and Special Assistant to the President, University of Toronto, was the speaker at the Baccalaureate Service and presented the major prizes at the Prize Giving afterwards.

Mr. Eric T. Webster, Vice-Chairman of the Board of Trustees, presided at the Prize Giving Ceremonies and welcomed the many guests. The Headmaster, Edward C. Cayley, gave a report of the year's activities and noted particularly the increased pressure for admissions and the higher academic standards which were a direct result of this.
